EXPERIENCE

- **Accenture Solutions Pvt. Ltd.** *June 2021 - July 2023*
  Quality Engineering Associate - Full time Bengaluru, India
  ∘ Designed and automated 100+ test cases using Selenium-Java-Cucumber, NUnit, JUnit, and Cypress, increasing test coverage from 70% to 95% across regression and functional testing cycles.
  ∘ Executed 50+ ETL test cases to validate data accuracy, transformation logic, and load consistency across 20+ source systems, enhancing data pipeline reliability in production environments.
  ∘ Created and maintained end-to-end test documentation—test plans, cases, and results—on Azure Boards, improving traceability, audit readiness, and stakeholder transparency across sprints.
  ∘ Conducted automated and manual cross-browser testing across 5 major browsers and multiple screen resolutions, ensuring 99% compatibility with targeted user platforms and reducing UI defects pre-release.

- **ICICI Bank** *May 2025 - July 2025*
  Management Intern - Internship Bengaluru
  ∘ Conducted deep-dive analysis of a Rs 110 Cr portfolio across 44 large corporates, uncovering Rs 20 Cr in missed revenue through wallet share benchmarking (<25%) using client financials, CMS transaction flows, and sanctioned credit limits.
  ∘ Developed a dynamic Excel model to quantify income leakage across loan, trade finance, and fee-based products, integrating peer benchmarking, product-level PPOP contribution, and sectoral revenue norms.
  ∘ Proposed cross-sell opportunities and custom debt structuring (e.g., WC shifts, TL upsell) projected to enhance PPOP by 15–20% across top 10 clients, based on modeled product-level income gaps.
  ∘ Delivered strategic insights to Zonal and Business Heads through a structured review deck, leading to focused re-engagement of 10 key clients and implementation of targeted wallet-growth strategies.
